📄 DEEPROOTS – Private Contribution Agreement

(Includes: Confidentiality • Intellectual Property • Contribution Terms • SAFT Framework)

This Private Contribution Agreement (“Agreement”) is entered into by and between the undersigned individual or entity (“Participant”) and the Deep Roots Project (“Project”) to confirm mutual understanding regarding confidentiality, intellectual property, contribution terms, and future access to utility-based tokens within the Deep Roots ecosystem.

SECTION 1 — Confidentiality (NDA)

1.1 Confidential Access

The Participant may receive early access to materials such as strategic plans, technical documentation, token mechanics, and unreleased features.
This information is shared in trust and must be treated as confidential. The Participant agrees to:

- Keep all confidential materials secure
- Not disclose or use the information outside the scope of this Agreement
- Request written permission before sharing any confidential details

1.2 Duration

This confidentiality commitment remains in effect for five (5) years from the date of signature, regardless of continued participation.

SECTION 2 — Intellectual Property (IP Rights)

2.1 Ownership

All technologies, smart contracts, platforms, interfaces, and brand elements associated with Deep Roots are the exclusive property of the Project.

2.2 Use and Contributions

The Participant acknowledges:

- No license or ownership rights are granted under this Agreement
- All proprietary materials remain protected
- Any ideas or feedback shared may be used by the Project to improve and grow the ecosystem

---

SECTION 3 — Contribution Participation Terms

3.1 Purpose of Contribution

The Participant confirms that their contribution is made voluntarily to support the evolution and access of the Deep Roots ecosystem.
Future access to dRC utility tokens may be provided based on:

- The contribution tier
- Ecosystem milestones and smart contract deployment
- Finalized schedules confirmed at the time of contribution

All key details (Tier, Contribution Amount, Token Access Ratio, Vesting, Wallet Address) will be clearly outlined prior to submission.

3.2 Token Access

Access to dRC tokens will be managed through transparent, on-chain processes and in accordance with timelines aligned with the Token Generation Event (TGE).
Timelines may evolve based on technical readiness, ecosystem updates, or governance events.

3.3 Ecosystem Utility

dRC is designed as a utility token within the Deep Roots ecosystem. It enables participation in features such as:

- Accessing decentralized applications
- Engaging in governance
- Supporting platform proposals and tools

3.4 Nature of Participation

The Participant understands that contributions are final and structured solely for accessing and engaging with the ecosystem.
Participation is entirely voluntary and does not involve any ownership, equity, or financial arrangement.

SECTION 4 — SAFT Framework

(Simple Agreement for Future Tokens)

4.1 Agreement Framework

This Agreement follows a SAFT-style structure that reflects a forward-focused collaboration.
It is designed to support the future delivery of ecosystem utility, subject to technical progress and operational readiness.

4.2 Token Allocation Conditions

Token access, if applicable, is subject to:

- Completion of the Token Generation Event (TGE)
- Deployment and audit of smart contracts
- Vesting and lock-up schedules aligned with contribution tier
- Adherence to all applicable participation terms

4.3 Legal Clarity

This Agreement is not structured as an offering of equity, financial security, or income rights.
It provides no entitlement to returns or ownership and is intended solely for ecosystem access and participation.

4.4 Project Flexibility

The Project reserves the right to adjust delivery timelines or participation conditions as needed to align with:

- Technical audits
- Security considerations
- Regulatory developments
- Governance decisions

✅ Final Confirmation

By proceeding, the Participant confirms:

- They have reviewed and agreed to the terms in this Agreement
- Their contribution is intentional and participation-focused
- They understand access is tied to ecosystem use and milestones
- They meet all eligibility requirements and accept the outlined conditions

---

🌍 Closing Statement

This Agreement marks the beginning of a meaningful collaboration.
By aligning with the Deep Roots Project, the Participant contributes to a forward-looking ecosystem built on purpose, technology, and shared values.

Together, we are laying the groundwork for resilient infrastructure, global participation, and digital tools that empower people and communities.

This is more than a transaction — it is a commitment to growth, innovation, and building something that lasts.
